## AU REVOIR.....BONNE CHANCE!!

Four Gallaudet students will participate in a studies abroad program this summer. It is the first year for the program which is being sponsored by the Romance Languages Department.

The students accompanied by John Delaney will leave in July for a four week stay at the Haute L'Ecole de Commerce, a college located in the suburbs of Paris.

The program will combine classroom instruction and tours of museums and

historic sites in order to better acquaint the students with the language, art, history, government and literature of France. Three hours of language credit will be earned by students successfully completing the four-week tour.

The students will also visit schools for the deaf in France and spend one week in London after completing their course in Paris.

#### WORKSHOP FOR COUNSELORS HELD

The Department of Counseling and the Public Service Programs conducted an all-day workshop on May 21, for counselors working with the deaf in the metropolitan area. Thirty-five counselors primarily from the fields of vocational rehabilitation and pupil personnel were in attendance.

The group will serve as a task force surveying existing services, determining how to make these services available to deaf persons and coordinating future workshops.

#### SUNFLOWERS

by John Canney

This need you have  
to flare forth in gold  
and orange

to puff yourselves up  
with your own high spirits

to droop your petals  
in impish disarray

this joy you take  
in dancing row on row  
like a band of ragged  
scarecrows

in singing out in  
loud yellow oohhs  
that you are alive  
and kicking

this dream you dream  
of a hill of light  
where children and flowers  
form a golden chain  
and hand in stem  
embrace the sky  
bowing and bending  
as the world whirls by--

give us a share  
in this your joy and song  
and time and wisdom  
enough to make our sun  
flower and dance lifelong.

--from Manus, the literary edition  
of The Buff and Blue
